

This is a summary of the questions asked in the GMS online form.

All applications must be made using the online form.

Section 1 - Applicant Details

PRINCIPAL INVESTIGATOR DETAILS

Name
Surname
Email (Work)
Address

Note: If you answer yes to any of the yes/no questions you will need to provide more detail.

Primary institution responsible for administering the award (GMS ORGANISATION)

Use the drop down list to enter your organisation

Main fellowship supervisor

Provide the details of your main fellowship supervisor in the following format:

Title, All initials, Surname, Position, Institution, Email address

Provide a brief description of their research expertise relevant to the fellowship.

Are there any Co-supervisors involved?

Yes
No

If Yes, you will be asked to submit their details. Please read the guidance regarding co-supervisors

Are there any Collaborators involved?

Yes
No

If yes, you will be asked to submit their details. Please read the guidance regarding collaborators

Section 2 - Research Plan and Impact

Project name

Length of project (in full months, minimum 24 months, maximum 36 months)

EXAMPLE

Which health category does your project fit into?

Select the primary health category your project covers. See the link to the HRCS handbook in the guidance document.

Which HRCS Research Activity Codes does your project cover?

Select the HRCS activity code which best describes your project. See the link to the HRCS handbook in the guidance document.

Main condition keyword

State the main condition this project is focussed on

Which age groups is your project focussed on?

Select as many age groups as your research covers from:

- ☐ Unborn babies
- ☐ Preterm babies (baby born before 37 weeks gestation)
- ☐ Newborn babies (up to 1 month)
- ☐ Babies (up to 1 year)
- ☐ Toddlers (1 to 3 years)
- ☐ Children (4 to 12 years)
- ☐ Teenagers (13 to 19 years)
- ☐ Young people (16 to 24 years)

Non-confidential scientific abstract of proposed investigation

Briefly describe how this project fits the remit of Action Medical Research including the clinical relevance of this project and how close it is to clinical application.

Outline your current and long term career plans and goals and briefly describe the training in research methods which you will receive during the fellowship and how it will support your career plans

Research plan

Outline your proposed research plan.

EXAMPLE

Does the project include a clinical study or trial?

- ☐ Yes
☐ No

Patient/public involvement

Have you involved, or plan to involve, patients or members of the public in the research process? Briefly outline your plan or provide an explanation for why you do not plan to do so

Will you be registering independently for a PhD?

- ☐ Yes
☐ No

Section 3 - Finance and Resources

Estimated total cost to the charity

Estimated salary total

Estimated consumables total

Section 4 - Previous Applications and Awards

Have you or your supervisor applied to the charity with this or a related application before?

- ☐ Yes
☐ No

Do you or your supervisors have any grants from Action Medical Research that are currently active?

- ☐ Yes
☐ No

Where did you first hear about this fellowship?

If from a website, please specify which website.

Curriculum Vitae

Career

Current Employer

Position

Department

Enter current employment start and end dates

Are you a clinical academic?

Answer yes or no.

Approximately how many years of research experience do you have, taking into account career breaks and part-time working?

Career History

Include job title, dates and institute

Publications

No more than fifteen. Use a standard referencing style in a numbered list.

Main areas of research/expertise

50 words max.

Education

Professional qualifications

Provide your qualifications in the following format: Qualification, Institute, Year obtained

Awards

Existing Funding

Provide brief details of research currently supported by any outside body including project title, dates of support, funding source and value values Va valu

Awards and Prizes

Mandatory for Research Training Fellowship applicants

Oral presentations and posters

Mandatory for Research Training Fellowship applicants
